

Georgetown Must Brace to Face Fall Races and Other Sports

Fighters Await Gong At Maryland Arena

Knock-out Sullivan, of Shennandoah, and Al McCoy, of Brooklyn, to Battle.

HAVE RIGHT-HAND LEADS

Final arrangements were completed yesterday for the thirty-three rounds of boxing at the Maryland Athletic and Social Club tonight, when Al McCoy, the Brooklyn "mauler," meets Knockout Sullivan, of Shennandoah, Pa., in the main attraction over a fifteen-round route.

Sullivan has been training here since last Friday, and at each of his workouts he has entertained a large number of spectators. Al McCoy has been working in New York, and reports from the big city claim the new champion is in the best of shape.

Sullivan put the finishing touches on his training Sunday at Tommy Lowe's gym and awaits the sounding of the gong. He is in the best of shape, and his style of boxing has made him a big favorite with the local fans.

In this main attraction the local followers of the pugilistic art will have a chance to witness two middle-weights with a right-hand lead. This is the first time in the history of the ring game in this vicinity that two fighters with a right-hand lead have faced one another.

The style used by both boys is about the same, and a contest which will be filled with slugging and mauling all the way is expected.

The "Kavo Kink" from Shennandoah is a youngster who bears the reputation of having never been forced to show his real worth. In a recent battle against Battling Levenski he showed brilliant speed and stood toe to toe with the Gotham heavy-weight and exchanged punches. He is a slacker from the word go and is always willing to mix it, no matter what the odds are, at any time during the battle. Sullivan has never taken the count, and feels sure that McCoy will not be the batter to make him hit the canvas.

McCoy, although a more experienced fighter, will be compelled to hustle to land a verdict over the "terror." This Pennsylvania brawler is confident of winning, and a great many of the local fight fans will back him. McCoy will continue the near champion middle-weight.

Special arrangements have been made with the W. B. and A. railroad company to run special cars and a guarantee has been given Manager Jimmy La Fontaine that there will be room on the cars for all who wish to take the trip.

Captain of Technical High Football Team.

From my viewpoint Western should win today's game by at least one touchdown, although they will go into the game with a badly crippled team. Whelchel, the little quarter back who acquitted himself so creditably last year, is laid up in bed with a bad case of blood poisoning, sustained from wearing a bad pair of football shoes.

This leaves the Western team in a bit of a plight, as Pat O'Brien, who has held down a half back position all this year, will be forced to take the general position with but two days' work at this new place. Many of the people who witness the high school games forget at times that this position is by far the most important of any on the team, for without a good offense, which depends entirely upon the choice of plays, the team in question has very little chance of winning, although the rest of the team may play a brilliant game.

Eastern lost its game to Central through poor judgment of its field general, and this one example alone shows the necessity of having a good, heady man at that position. I am not trying to take anything from O'Brien, as I have

not witnessed him perform in the capacity of quarter back, but after the game I will be able to say whether the choice of Whelchel has made as much difference as is thought now.

Mackall, the end and captain of the Western team, although not out of the game, will not be able to put forth his best efforts, as he is suffering from boils. Hume and Grayson, the two tackles, will be in bad condition as the result of the game with the Georgetown freshmen. If these aforementioned men were in the best condition a much larger score could be anticipated.

On the other hand, Eastern will go into the game with the same snappy, scrappy bunch which took the field against Central last Tuesday and may upset the odds at the last minute. Eastern is just such a team and has been such since the old days.

The team is noted for its hard fighting throughout the game and no doubt will give a good performance of such play in spite of the overwhelming odds. It may be remembered that today's game will be the second in which the light blue and white team has participated and as a general rule the teams often improve after the first contest, having gotten rid of the stage fright which accompanies all high school games.

If Eastern is a better team than shown last Tuesday, it will run a fair interference there is no reason why Barr, the full back, who was the only Eastern back able to gain to any extent in the first game, should more for his team, and in fact, this thing alone may be enough to win. There is nothing to do but follow the watchful and waiting policy.

Graves, at center, is depended upon to break up more than one play which the Eastern team launches, and from his showing against Central it is not surprising too much. Graves is a good man on the offense and a bear on the defense.

The game should be interesting from the first whistle, as both teams will take the field weighing about the same and both are well balanced. Eastern, many people think that the Western team may be the dark horse of the season and, further yet, win the championship.

Pittsburgh and Tigers Also in Running for the Honors on Gridiron.

New York, Oct. 25.—A bewildered football world east of the Alleghenies took stock of itself today and found a situation unparalleled in the history of intercollegiate gridiron combat—Yale demoralized, Harvard crushed and Cornell upset by Princeton.

Only a lap behind the big team from Ithaca, Pitt and Princeton are casting their shadows toward the championship goal, with little W. & J., whose game seems to have become a habit, tagging at their very heels.

Yale and Harvard both out of the running before November. And both eliminated by teams outside the "big three." Surely the world's game mad. The championship promises to become an involved affair.

Pitt and W. & J. all pursue their separate ways the rest of the season, and if they all complete their schedules undefeated there's going to be a fearful mud-puddle. Doping it out by the comparative score route will be the only method of arriving at a decision, and that is rather shaky.

Pitt lost a little of her prestige Saturday by failing to lick Pennsylvania by a larger score than 14 to 7. The record of W. & J. earlier in the season was not improved by any means, but neither was Princeton's. Cornell is the only team that has shown the same consistent form all season, and to the chagrin of many, the edge in the championship hunt.

Princeton opened up a versatile attack on Dartmouth Saturday. But the Tigers still have a long road to travel with both Yale and Harvard to meet. Yale should prove easy unless something unforeseen happens, but the fight isn't over yet.

Both Yale and Harvard can be counted on to battle harder against the Tigers than any other aggregation. The Tigers' kicking back, looks up as a probable rival of Barrett and Mahan for individual honors.

Shake-up Is Expected In Georgetown Eleven

GAME POSTPONED AGAIN.

The postponed game between Business and Western, scheduled for Saturday at Georgetown Field, will have to be postponed again because of the fact that the Georgetown Field will be in use that day. Just when the game will be played is not known, but no doubt the faculty advisers will get together today and arrange a date.
